SCHOOL NOTES.

Aside from the three* cases where pupils were excused to attend church, the academic department presents a record with no tardiness since school opened in September.

The following credentials earned in June, 1900, have just been received. The number is unusually large and the standings are good. To receive an honor diploma or certificate is indeed an honor to the recipient, as well as to the school. It means that the individual has passed three-fourths of the subjects covered by the credentials with a standing of 90 per cent. or better. Four such certificates were earned in June. In the following list the name of the student receiving an honor credential is followed by a *.
