TWO HUNDRED AT MORRIS MACHINE WORKS OUTING

Two hundred attended the annual picnic of Morris Machine Works employees and their families held at Sawyer's camp on the Seneca river last Saturday afternoon and evening.

The big feature of the afternoon's sporting events was the softball game in which the Shop defeated the Foundry by the score of 11 to 10.

Russell Mercer won the grand prize for men, a fishing pole, while Mrs. Peter Montague won the grand prize for women, a fitted bag.

Elmer Currier showed plenty of spring to win two events, the standing and the running broad jump events.

Picnicers voted Peter Montague the mythical award for the best form in all events and gave "Mayor" Krafft of Belgium the palm for exhibiting the greatest determination in entering all contests. Rated most graceful on the afternoon's performance in events was James Turner, Jr.

In a special jumping contest Jerry McCarthy bested Doc Kingsley by three feet.

Carl Rice was general chairman of the picnic with a large number of assistants on his committee.

A basket picnic supper was served in the evening.

Following the dinner, Markham's orchestra furnished music for dancing until midnight.
