

Offers Services

To the Editor of The Post-Standard:

I have just finished reading your "Food for Thought," in which Benny Fischera pleads for a teenagers' night club. I agree with Benny and offer the services of myself and my son, Bob Kosty, to help organize and run the project.

Since moving to Syracuse we have not had much chance to take part in the community doings and this would be a swell chance for us, if only some others would feel the same. Bob is a professional drum major, has been on the radio for three years as a tenor, has MC'd our own show and has done stage and marching routines with his baton. So you see he is qualified to run entertainments and such.

A swell idea from a boy who wants to be a nice kid and a decent citizen, so why not give the kids a break? All in favor says "Let's go."

(MRS.) DEL DEMPSEY.

Syracuse.
